What is a Family-School Compact?

A Family-School Compact for Student Success is an agreement that teachers, parents and students develop together. It is a document that explains how families and schools share responsibility to support the academic development and needs of the students in order to achieve high academic students of excellence.

Jointly Developed

The fourth grade teachers at CC sent home surveys to all fourth grade families in order to develop the Family-School Compact for Student Success. 16% of 4th grade families completed the online survey.

If you need help, or have any questions regarding distance learning or assignments, please reach out to your child's teacher.
