## Be Healthy, Be Fit!

The holiday season is a great time of year to focus on thanksgiving and gratitude! Helping our kids to be thankful and appreciative of all they have are lessons that do not always come easy.

Gratitude is pausing to notice and appreciate the things that we often take for granted, like having a place to live, food, clean water, friends, family, even computer access. It's taking a moment to reflect on how fortunate we are when something good happens — whether it's a small thing or a big thing.

We can use lots of words to describe feelings of gratitude: We might say we feel thankful, lucky, fortunate, humbled, or blessed.

Ask your child about what they are grateful for this week and then share with them something you are grateful for.
